

CT Jobportal - Detailed Manual Testing Document

Assigned To: Babila (Non-Technical / Functional Testing Team)

Project: CT Jobportal

1. Authentication & Authorization

TC ID	Module	Scenario / Description	Pre-conditions	Test Steps	Expected Result	Status / Comments
AUTH-01	Login	Verify login with valid credentials	User account exists	1. Navigate to login page. 2. Enter valid email and password. 3. Click "Login".	User is successfully authenticated and redirected to their respective dashboard.	
AUTH-02	Login	Verify login with invalid password	User account exists	1. Navigate to login page. 2. Enter valid email and incorrect password. 3. Click "Login".	System displays an "Invalid credentials" error message. Access is denied.	
AUTH-03	Login	Verify role-based redirection	Users exist with different roles	1. Login as Admin. 2. Login as Company. 3. Login as College.	Each user is redirected to their correct specific dashboard.	

2. College / TPO Portal

TC ID	Module	Scenario / Description	Pre-conditions	Test Steps	Expected Result	Status / Comments
COL-01	Onboarding	Verify College registration	None	1. Go to College registration. 2. Fill details and upload proof-of-identity. 3. Submit.	Account is created and placed in "Pending Verification" state.	
COL-02	Students	Verify bulk student upload (CSV)	Logged in as College/TPO	1. Go to Manage Students. 2. Upload valid CSV file with roll numbers. 3. Submit.	Students are imported successfully. A success summary is displayed.	
COL-03	Students	Verify CSV upload with errors	Logged in as College/TPO	1. Upload CSV with duplicate roll numbers or missing data.	System highlights the rows with errors and imports the valid ones.	
COL-04	Drive	Verify Drive In-charge search	Drives exist with students	1. Go to Manage Drive. 2. Search student by name or roll number.	The list filters dynamically to show matching students.	
COL-05	Dashboard	Verify Principal Passkey access	Logged in as Principal	1. Access the Passkey dashboard.	Read-only view of live placement monitoring and reports is displayed.	

3. Company / Recruiter Portal

TC ID	Module	Scenario / Description	Pre-conditions	Test Steps	Expected Result	Status / Comments
COM-01	Team	Verify team seat assignment (isActiveSeat)	Logged in as Company Admin	1. Go to Team Management. 2. Toggle 'isActiveSeat' for a member.	The selected member gets active status. If limit exceeded, an error shows.	
COM-02	Subscription	Verify coupon application	On Checkout page	1. Select a plan. 2. Enter valid coupon code. 3. Apply.	Total payable amount is updated based on the percentage discount.	
COM-03	Jobs	Verify posting a new job	Active subscription	1. Go to Post Job. 2. Fill job details (title, reqs). 3. Submit.	Job is published and visible on the public jobs board.	
COM-04	Interviews	Verify Mock Interview scheduling	Candidate applied	1. Go to Job Applications. 2. Select candidate. 3. Schedule mock interview.	Interview invite is sent via email and status updates on dashboard.	

4. Jobseeker Portal

TC ID	Module	Scenario / Description	Pre-conditions	Test Steps	Expected Result	Status / Comments
SEEK-01	Profile	Verify profile completion	Logged in as Jobseeker	1. Go to Profile. 2. Upload resume and fill education details. 3. Save.	Profile completion percentage increases; data is saved.	
SEEK-02	Counselling	Verify counselling session edit	Session pending	1. Go to Career Counselling. 2. Click Edit on a pending session. 3. Update and save.	Session details are successfully updated.	
SEEK-03	Counselling	Verify rejected session view	Session rejected	1. View a rejected session.	Status clearly shows "Rejected" (not Cancelled) with reason if any.	
SEEK-04	Assessments	Verify Free Assessment flow	Not logged in	1. Go to Free Assessment. 2. Complete the test. 3. Submit.	Results are calculated and user is prompted to register to save results.	

5. UI/UX & Aesthetics

TC ID	Module	Scenario / Description	Pre-conditions	Test Steps	Expected Result	Status / Comments
UI-01	General	Verify Glassmorphism design	On any dashboard	1. Inspect cards and sidebars.	Elements feature glassmorphism, gradient accents, and premium typography.	
UI-02	General	Verify Lens cursor animation	Using Desktop	1. Move mouse over interactive elements.	Custom physics-based lens cursor highlights content smoothly.	
UI-03	Blog	Verify Blog post components	On Blog page	1. View dark-themed footer. 2. Check HTML5 accordions. 3. View tables.	Footer SVG renders correctly. Accordions open/close. Tables are color-coded.	
UI-04	Responsive	Verify mobile view	Mobile device / emulator	1. Access dashboard. 2. Check ExplainerTabs.	Layout adapts perfectly. Step arrows in tabs remain centered.
